

Just Whey Plus

RED 8 | R81031, R81032, R81033, R81034, R81036, R81041

- Great tasting blend of Whey Protein Concentrate (WPC) and Whey Protein Isolate (WPI)
- Designed in consultation with NZ elite athletes
- Contains the amino acids Leucine, Glutamine and Arginine to help with high intensity exercise where muscle development in strength, power and endurance is a critical factor
- WPI provides a faster absorption of protein into the muscle while WPC provides a sustained release of protein into the muscle which when combined provide support to muscle growth and repair.

SUITABLE FOR

- This product is designed to supplement the nutritional requirements for sports recovery when taken in conjunction with exercise
- Ideal for sports involving high intensity muscle output, endurance exercise, resistance training, power and speed training

DIRECTIONS FOR USE

Blend 30g (3 level scoops) of Just Whey Plus with 250ml chilled water and ice or trim milk. Best taken 2 hours before and post work-out or supplemented accordingly with nutrition requirements throughout the day. Maximum servings per day: 2
